editor's NOTE

EDITOR'S *note* **People Who Know Your World** EDITOR'S *note*

THE DEAD OF WINTER

EDITOR'S *note*

So, as I'm writing this, it's early February, and it is cold outside. Really damn cold. I've lived here on the East Coast since 1988, longer now than I lived on the West Coast in California, but you know what? I'm still a Californian! I hate the cold; can't stand it, and have no love for winter or snow or anything to do with it. I also treat my waking hours like I'm living on West Coast time, staying up *waaaay* later than I should each night, because… well, in California it's three hours earlier. I know the clock on the wall reads 2am, but the "clock" in my head says its 11pm. During the day, I seek out the sun and its heat like some ray-hungry Kryptonian deprived of the sun's powerful energy; I crank the heat in my car and let it go until I start to get too uncomfortable… and the space heater in my den is my dear, dear (warm) friend! Spring (and SUMMER!) can't come fast enough!

But enough about the weather, let's talk about this month's issue of ***PREVIEWS*** and our monthly theme: "Women in Comics". As in previous years, we're once again celebrating the many contributions our industry's talented female creators have brought to the artform. Now more than ever, women are becoming a driving force in comics, either behind-the-scenes or out front on the comics' pages, and we're better off because of it! The more varied and different "voices" that take part in our little hobby makes what's coming out every Wednesday all the better — not just for women but for everyone. These days, it's good to have some choices when it comes to comics, because as an industry we have a tendency to gravitate to a style or theme and run with it… for a while.

So, making the pool of comics professionals less of a dude club, and more inclusive to women (and minorities, for that matter), makes comics a better thing all around. You'll find profiles of some of today's top "Women in Comics" in a series of special mini-interviews beginning on page 250 of this issue, and continuing on the *FlipSide* section of this issue. Check them out, and also keep an eye open for our "Women in Comics" icon placed throughout this issue of ***PREVIEWS*** to find some great new (and classic) comics by or featuring the contributions of talented female writers and artists.

Now if you'll excuse me, I have the new issue of *The Unbeatable Squirrel Girl* to read…

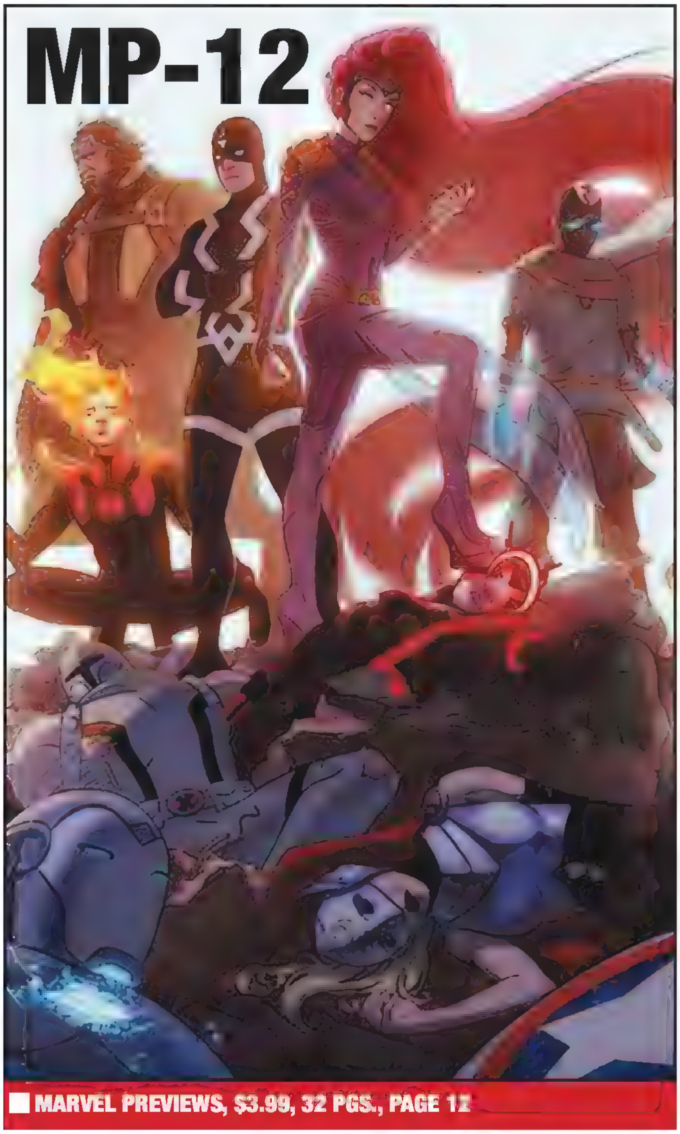
THE INHUMANS' CITY OF ATTILAN IS CAUGHT UP IN THE *SECRET WARS*



■ MARVEL PREVIEWS, $3.99, 32 PGS., PAGE 12

The Marvel Universe is thrown into upheaval by the Secret Wars as worlds and cities are joined in a massive Battleworld where things that should never have brought together are forced to co-exist. Like oil and water, matter and anti-matter, the sectors of Battleworld threaten to explode into conflict, and the leader of one sector, Medusa, confronts an unexpectedly personal threat to her rule in the *Secret Wars Battleworld title*, *Inhumans: Attilan Rising!*

Like other cities from throughout the Marvel Universe, Attilan, the home of the Inhumans, was brought to Battleworld for reasons unknown. As conflict begins to brew on the Battleworld, Medusa, the leader of the Inhumans, takes what steps she can to ensure the safety of her people and to help quiet the growing rebellion against Battleworld itself. When the conflict reaches Attilan, Medusa will make a shocking discovery — the roots of the rebellion reach into the royal palace of Attilan as the leader of the rebellion is none other than her husband, Black Bolt — forcing her to choose between her loyalty to her people and her devotion to Black Bolt!

An essential chapter in the *Secret Wars* saga, *Inhumans: Attilan Rising* features some of Marvel's most intriguing characters in an epic of power and treachery, love and treason, with the fate of the great city at stake. Charles Soule, the fan-favorite writer of *Death of Wolverine*, is joined by artist John Timms for a book that no *Secret Wars* reader will want to miss!

Bear witness to Attilan's role in the Battleworld conflict when *Inhumans: Attilan Rising* #1 arrives in comic shops this May!

WHEN ATTILAN IS THREATENED BY BATTLEWORLD'S CONFLICT, MEDUSA DISCOVERS THE THREAT IS CLOSER TO HOME THAN SHE EVER REALIZED!

FIVE GENIUSES ARE HUMANITY'S LAST HOPE IN WARREN ELLIS' *INJECTION*

Though science-fiction always attempted to predict the future, it did so by projecting the then-present into some future time. The reality of the future, however, turned out vastly different than writers fifty, even twenty, years ago imagined. Technologies developed and were used in imaginative ways. The result is a present-day world that would be unrecognizable and incomprehensible to someone from a century ago were they dropped into the present. Warren Ellis returns to familiar themes — the fundamental strangeness of the world and those who recongize its strangeness — in his new series from Image Comics, Injection!

Reunited with his Moon Knight artist Declan Shalvey, Injection focuses on five geniuses who recognize that the world is changing so rapidly that it may not be able to support humanity any longer. Can they stem the tide of change, can they help to guide humanity in such a way that they align with the increasing pace of sociological or technological change, or are they fated to bear witness to the final days of humanity? Challenging philosophically, Warren Ellis' Injection promises to be one of the most talked-about comics of 2015!

H.P. Lovecraft's fiction has served as a foundation for modern literary horror and captivated readers for a century. This spring, Alan Moore delves into the world of Lovecraft — as a man, as a writer and as a creator of a phantasmagoric world — in his new series from Avatar Press, *Providence*! DIRK GENTLY IS TAKING CASES IN A NEW SERIES FROM IDW

Douglas Adams, the legendary British screenwriter and novelist best known for his work on *Doctor Who* and his creation of *The Hitchhiker's Guide to the Galaxy*, is beloved for his other series, *Dirk Gently's Holistic Detective Agency*. Where other detectives follow clues, interrogate witnesses, and investigate suspects, Dirk believes in "the fundamental interconnectedness of all things" as the basis for his investigations, which involve things such as couches stuck in impossible stairwells, ancient ghosts who accidentally started life on Earth, and Norse gods in the airport. This spring, IDW brings Dirk Gently to comics with their new *Dirk Gently's Holistic Detective Agency* from Chris Ryall and Tony Akins. Relocated to San Diego, Dirk is hired for cases that no other self-respecting detective would touch, such as the mystery of Schroedinger's cat and whether reincarnation is a real thing! The result is a series that has all of the sardonic lunacy and manic energy that was the hallmark of Douglas Adams' best work and something that no Dirk Gently fan will want to miss!

TYLER DURDEN RETURNS IN DARK HORSE'S FIGHT CLUB 2

A meditation on male aggression, consumerism, and the search for meaning in life, Chuck Palahniuk's novel *Fight Club* was brought to the screen memorably in David Fincher's film starring Ed Norton, Brad Pitt, and Helena Bonham Carter. This spring, Palahniuk returns to the world of *Fight Club* in Dark Horse Comics' *Fight Club 2*, picking up the story a decade after the end of the novel and exploring the connection between Sebastian, the Narrator, and his imaginary friend, Tyler Durden. The unchained aggression that was Tyler Durden still lurks beneath Sebastian's surface, and it threatens to overwhelm the steady, domestic life that Sebastian believes he has constructed for himself. Sebastian went to extreme lengths to contain Tyler Durden once before, but does he have the strength to limit him now? Or has a decade of domesticity and parenthood exhausted Sebastian in such a way that Tyler has become unstoppable? And will Fight Club rise again? Joined by artist Cameron Stewart, Chuck Palahniuk returns to the world and characters that have been beloved by millions in Dark Horse Comics' *Fight Club 2!*

STEVE NILES' CAL MCDONALD IS CAPTURED IN A NEW MINI-BUST 78

The creation of *30 Days of Night*'s Steve Niles, Cal McDonald is a supernatural noir detective and the star of a series of graphic novels from Dark Horse Comics. This summer, Dark Horse sculpts the supernatural detective for their new *Criminal Macabre: Cal McDonald Bust*. Available in two versions, a regular edition (limited to 375 pieces) or a winged variant edition (limited to 75 pieces), the bust comes on a sculpted base and stands 14" tall, creating a piece fans of Niles' work will want to add to their collection!

THE PENGUIN LOOKS DAPPER FOR TWEETERHEAD'S NEW STATUE 490

Ever since his debut in the pages of 1941's *Detective Comics* #58, Oswald Cobblepot, better known as the Penguin, has been one of Batman's most recognized foes. Tweeterhead recreates the classic Golden Age appearance of the Penguin for the *Batman Classics Collection: The Penguin Diorama Maquette*. Based on Dick Sprang's Golden Age artwork, this limited edition statue is sculpted at 1/6-scale and stands almost 12 inches tall and comes with a dynamic Gotham City background!

MEZCO'S NEW JUDGE DREDD FIGURE WILL DISPENSE JUSTICE 478

The greatest -- and most notorious -- lawman of Mega-City One is Judge Dredd. His impassive face hidden behind a visored helmet, Dredd is judge, jury, and executioner on the city's mean streets. Mezco recreates the legendary character from the pages of Rebellion's *2000 AD* with the *One:12 Collection: Judge Dredd Action Figure*. This detailed 1/12-scale figure features the most accurate sculpt of the character's appearance possible, and it comes with a wealth of accessories, from his legendary badge to his regulation sidearm and replacement hands. This figure is so realistic you can almost hear him growl, "I am the law!"

Limited to only 75 copies

$225.00

Criminal Macabre, by Steve Niles, features one of the most hard-boiled protagonists in all of comics, a denizen of darkness and sketchy nightspots, the antihero's antihero: Cal McDonald. Cal investigates crimes that others won't touch. The cops (and nice people generally) avoid Cal. But an array of otherworldly types won't leave him alone.

Our bust, sculpted by horror specialist William Paquet, shows Cal with the tools of his trade. The base is an artistic swirl of demons emerging from the ether.

As Dark Horse readers know, we've recently seen Cal with an awesome set of wings. This ultra-rare variant is for the serious collector. Comes in a special white box with color sticker graphic, along with other surprise extras. Subject to allocation.

DISCOVER "THE MOST PRODIGIOUSLY TALENTED GRAPHIC NOVELIST OF HIS GENERATION"!*

A celebrity glares.
A community burns.
A child's heart breaks.
A recipe summons a ghost.
A dying woman finds peace.
An art form sustains the spirit.

In *You Don't Say*, award-winning graphic novelist Nate Powell (*March*, *Swallow Me Whole*) collects a decade of powerful short works.

Contains rare and previously unreleased material from 2004–2013.

"This Nate Powell wittily, even surgically, cuts to the bone. Observant, intimate cartooning, anchored with a nice, punchy use of black. Good comics."
— Frank Miller

"Powell's flowing, impressionistic artwork, with its ravenous expanses of negative space, swirls the reader's perspective through his characters' perceptions and back out again."
— *The New York Times*

"A writer-artist of genius."
— *The Times* (UK)

"With *March*, Congressman John Lewis takes us behind the scenes of some of the most pivotal moments of the civil rights movement. In graphic novel form, his first-hand account makes these historic events both accessible and relevant to an entire new generation of Americans."

JOSE LOPEZ (C)

Ken Kristensen (TODD THE UGLIEST KID ON EARTH) grabs the reigns for the second jocular arc of INDESTRUCTIBLE.

Superhero... media darling... fraud.

Greg Pincus became famous when the public mistakenly believed him to be indestructible. After narrowly avoiding exposure, deformity, and death, Greg's fifteen minutes may have stretched to a half-hour, but our hapless hero soon learns that fame can be a snarling bitch. With his personal and professional relationships in tatters, and his best friend (Barry) providing nothing but grief, Greg must attend a very public event where -- of course -- absolutely EVERYTHING hits the fan. Will Greg rise to the occasion -- superpowers or not? Will Tarr's villainous plan come to fruition? Will Barry ever put on pants?

Jeff Marsick, winner of Darby Pop's "Breaking Into Comics" writing contest, brings you the origin story of Stingray, INDESTRUCTIBLE's aquatic superheroine gone astray.

It's tough enough being a mutant teenager, but imagine the challenges when you're also surrounded by role models driven wholly by power, money, fame, and antagonism. (No, not the Kardashians.) Kelly, a.k.a. Stingray, finds herself the newest member of the League of Defenders, America's premiere super team, and most dysfunctional "family." Will Stingray be able to navigate the choppy waters, or will they swallow her whole?

NOELLE STEVENSON

Comics Creator

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

I've been working in comics since 2012, when I started publishing *Nimona* online and I interned with BOOM! Studios. Since then, I signed with HarperCollins to publish *Nimona* (in this catalog!), started co-writing *Lumberjanes* for Boom!, and I've done work for DC and Marvel as well!

Did you have a mentor or hero in the industry that inspired you to pursue a career in comics?

I've been inspired by a lot of badass comics ladies! Shannon Watters and Dafna Pleban at BOOM! really mentored me when I was interning there, and Joan Hilty was my Sequential Art teacher at school and really encouraged me to pursue comics. And webcomics artists like Kate Beaton were the first female comics creators I was aware of who were doing their thing and being successful at it, and made me feel I could do the same.

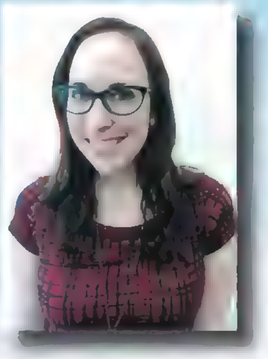
HANNAH ELDER



Associate Editor

Tell us a little bit about yourself! What are you currently working on?

I currently work on art books and art editions, as well as managing Dynamite's digital comics. I also edit the *Army of Darkness* series and our prose titles available on Amazon. Most recently, I edited the French book *In Search of Lost Dragons*, which is possibly one of my favorite projects I've ever worked on. Great art and a great translation.

How do you want to see women represented in comic books 10 years from now?

I would want to see more comics that pass the Bechdel test!

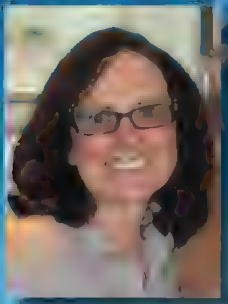
ROBYN MOORE

Publisher



Tell us a little bit about yourself! What are you currently working on?

I began working with Abstract Studio in 1995 when Terry was self-publishing *Strangers in Paradise* (APR130755). As the popularity of the series grew, Terry found that he couldn't handle the business side of publishing as well as the creative side. I stepped in and we have never looked back. We are currently producing two ongoing series, *Rachel Rising* (JAN120780), a character-driven horror comic, and *SIP Kids* (JUN140754), an all-ages full-color comic that stars the *Strangers in Paradise* cast as children.

Rachel Rising Vol. 1: Shadow Of Death TP (JAN120780)
SiP Kids #1 (JUN140754)

In your opinion, how has the comic book industry evolved in terms of gender?

When I began attending comic book conventions, I could count on one hand the number of women actually working in the industry. We would be at a convention and there would be a hand full of women at the show. Most of those women were there with male companions. Over the last twenty years, we have definitely seen that change. Because of female driven titles like Strangers In Paradise, women have embraced comics like never before. The success of female friendly titles created by both men and women has brought more women to comics. It has also opened doors for female writers, artists, colorists and editors as publishers saw the talent that women bring to comics. Today, these women are working in all genres in the industry. It is great to go to a convention and see so many women behind the booths, but we still have a long way to go. The percentage of women actually making a living in the industry is still tiny.

KATIE COOK

Comics Writer & Creator

Tell us a little bit about yourself! What are you currently working on?

My name is Katie Cook! I've recently been working for IDW writing for My Little Pony (MAR130366), I've done a few little things for Marvel and I publish my creator owned book with Action Lab! Gronk: A Monster's Story (DEC141001) is in good hands with them.

In your opinion, how has the comic book industry evolved in terms of gender?

Because of the internet, the industry is full of EVERYONE that makes comics. It's not just "the guys that work for the big two". It's a plethora of indie creators... male/female, young/old... I'm sure there's a cat out there with his own webcomic. Anyone can make great comics and put them online and get a following!

FIGHT CLUB 2 #1
Dark Horse Comics

I am Jack's Quivering Anticipation. Dark Horse has partnered with *Fight Club* novelist, Chuck Palahniuk, to bring us the official sequel to one of the most awesome cult stories of the modern era. (Note: If you haven't read the original book or seen the film, go do that before reading further. Last warning.)

I am Jack's Enflamed Curiosity. The original *Fight Club* had such a riveting twist ending that even the possibility of a sequel immediately intrigues. In this second round, Marla and our original narrator, Sebastian, are married with a child. Sebastian takes medications to deal with his schizophrenia, which would make for a happy family, if Marla weren't tampering with those medications so that she could cheat on her husband with his other personality.

I am Jack's Insomnia-Inducing Enthusiasm. Cameron Stewart's artwork suits the work to a T. Graceful but disheveled, Stewart manages to convey a world that is dirty, broken, and terribly human while simultaneously preserving the intensity, explosive passion, and reckless spirit that propels Tyler Durden and everything he touches. This series is going to be a gut-punching, tooth-gritting, Molotov-cocktail blend of writing-without-brakes and screamingly beautiful-but-deranged visual story telling.

I am Jack's Obsessive Need for Consumer Goods. Pull two for my box, please.

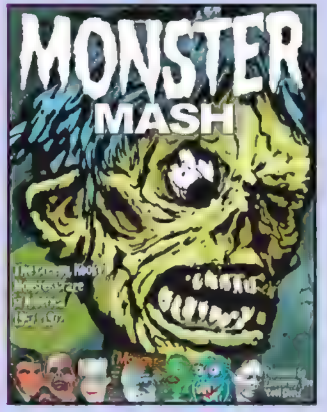
Twomorrows Publishing



Monsters are everywhere, gladly welcomed by millions of fans in our TV shows, movies, toys, and just about every place else but under our beds. However, this wasn't always the case in the time before the "monster craze" of the 1950's that made a sudden and enduring impression on the American public. Get ready to learn a thing or two about America's favorite freaks and fiends.

Monster Mash is a guide to the early days of "monster media" and a trip down memory lane to view the early pioneers who both created and became the infamous monsters that disgusted parents, captivated children, and raised an entire army of adult monster fans in the present. *The Addams Family*, *Planet of the Apes*, and *Mars Attacks* were just a few of the "beasts" ahead of their time when they gripped the mainstream's imagination and left an unforgettable imprint on our culture today. This book covers just about every facet of America's early "monster mania," with interviews from the people who lived it and the memorabilia you monster fans can't live without.

Twomorrows Publishing has a lasting respect for pop culture history and it certainly shows with books like *Monster Mash*. Written for monster fans, by monster fans, and a perfect gift for the soon-to-be monster fan.

LEGEND OF ZELDA: A LINK TO THE PAST GN

Perfect Square

When I was just a kid in the 80's and 90's one of my best friends and I had a deal. I would only buy Nintendo consoles and he would only get Sega consoles. Together we played some of the best videogames of the 8-bit and 16-bit generations but I always felt that I had the better end of this arrangement because I was introduced to the *Legend of Zelda* on the Nintendo Entertainment System. I was blown away by the vast open world and the epic grandeur of my quest to rid Hyrule of Ganon's evil. Also it didn't hurt that the game cartridge was a really sweet glossy gold and not the standard NES gray.

When *Legend of Zelda: A Link to the Past* debuted on the Super Nintendo I went right back to save Hyrule... but I was just a kid and this game was hard for me at the time. Like any Nintendo gamer, when I got stumped on a game I went to get the power, Nintendo POWER! In Nintendo's magazine I got some hints but I didn't actually beat the game as a kid. However, I did get a treat I didn't expect. There were *Legend of Zelda* comics in Nintendo Power about the game!

Written and drawn by Shotaro Ishinomori (*Cyborg 009, Kamen Rider*) the comics provide a faithful adaptation of the game that feels just as epic as the game. Reading through the comics now reminds me of the feeling I had when I first guided Link into Lost Woods to find the Master Sword and my endless quest to find those elusive heart pieces scattered about the world. Reprinted as a 196 page graphic novel from Perfect Square this is a chance for every Nintendo fan to recapture a bit of their childhood and an opportunity for new fans to grab a piece of videogame history.

Be sure to pick up your copy this May from Perfect Square!

Almost twenty years ago, asked to submit some modern H.P. Lovecraft-founded writings to a prose anthology, I commenced work on an experimental piece based upon Lovecraft's sonnet-cycle, the peculiar Fungi from Yuggoth. Titled Yuggoth Cultures, the initial nebulous idea was that of treating each of Lovecraft's sonnets as a fungal spore placed in an individual Petri dish, taking its title or its imagery and seeing what might usefully be grown from it. Around the halfway point of the endeavour, though, on losing the only existing copy of most of the venture in a taxi, it was decided that one of the few surviving pieces, a complete short story inspired by and named after The Courtyard, would be by itself sufficient to make good on my commitment. It was, I thought, a fairly fresh approach to writing fiction based upon the work of Lovecraft, trying to avoid the dull pastiches and the clichés that had typified a lot of fictions of this nature by setting the narrative in what was then the future science-fiction landscape of imaginary 21st century America, while in the racism, misogyny and anti-Semitism of its first-person protagonist, FBI agent Aldo Sax, the story was to some extent able to comment of those tendencies in Lovecraft as an individual.

I'd found the world the story conjured up an interesting place that I might at some point return to in the future, and this urge was only strengthened by Avatar's adaptation of the story as a comic narrative by the impeccable Antony Johnston and the extraordinary Jacen Burrows. Thus it was that I found myself working with Jacen upon a comic-strip sequel to the original prose story, exploring some of its implications... notably those posed by the blanket-covered figure in The Courtyard's purported photograph of J. Edgar Hoover... in the work published in 2011 as Neonomicon. As pleased as I was by the way that the book expanded on the initial agenda of The Courtyard in its efforts to create a modern and progressive form of Lovecraftian horror fiction, I also realised that the story, with its implication that in some way Lovecraft's fiction had been based upon his knowledge of real-life phenomena, had raised more questions than it answered. How, exactly, had the hard-headed Rhode Island rationalist received the inspiration for his tales, in keeping with this new scenario?

This is the process that has led, inevitably, to the lengthy major narrative that is in many ways a culmination of the processes begun last century in Yuggoth Cultures, the imminent Providence, once more with Jacen Burrows crafting what must be the most staggering work of his exemplary career thus far. I think it's fair to say that what we have accomplished is perhaps the most considered and ambitious comic strip approach to Lovecraft as a writer and a man that has yet been attempted, and that if it works as it's intended to it should accomplish several things: I am attempting to apply some of the principles that I brought to my re-imaginings of other genres to Lovecraftian horror, in that we are hopefully situating the notably bizarre inhabitants of Lovecraft's fiction in a world that is as absolutely credible and as immersive as we're capable of conjuring. We are also attempting to connect the disparate characters and concepts of the original stories in a manner that is more coherent and compelling than the standard stylings of the 'Cthulhu mythos', and is hopefully far closer to the kind of connectivity that HPL himself might have envisaged, though expressed in a much different way and in a different medium. Then, of course, there is our treatment of Lovecraft himself.

Providing both sequel and prequel to The Courtyard and to Neonomicon, the story has required that we address the Providence materialist/visionary as a character and that, though necessarily a fiction, our portrayal be as true to Lovecraft's life and his opinions as was possible. To this end, Providence is an attempt to marry Lovecraft's history with a mosaic of his fictions, setting the man and his monsters in a persuasively real America during the pivotal year of 1919: before Prohibition and Weird Tales, before Votes for Women or the marriage to Sonia, before the Boston Police Strike and Cthulhu. This is a story of the birth of modern America, and the birth of modern American terror. It is also, in my opinion, the most spectacular outgrowth of our original fungus-sample thus far, and I look forward with interest to the reaction of the modern Lovecraft audience and to that of modern Lovecraft scholarship. Above all this is a reappraisal of Lovecraft, not as an icon of the horror story's past, but of its future. It may be that the stars are finally right.

About: The most important work of 2015 begins here with the long-awaited arrival of Alan Moore's breathtaking epic PROVIDENCE with his artistic partner Jacen Burrows. In his most carefully considered work in decades, Moore deconstructs all of Lovecraft's concepts, reinventing the entirety of his work inside a painstakingly researched framework of American history. Both sequel and prequel to NEONOMICON, PROVIDENCE begins in 1919 and blends the mythical visions of HPL flawlessly into the cauldron of racial and sexual intolerance that defined that era on the East Coast of America. Every line from artist Jacen Burrows is perfectly honed to complete this immersive experience. The result is a breathtaking masterpiece of sequential art that will define modern horror for this generation. Invoking a comparison it to a prior literary masterpiece is not something to be handled lightly, but in scope, importance and execution: PROVIDENCE is the WATCHMEN of horror.

Moore has designed every cover, every single page, and every nuance of this work to create his most fully-realized vision to date. There are no ads, all 32 pages are written by Moore, and Jacen Burrows has spent the past two years slaving over the finest detail possible on the pages. The entire work is already written, intricately crafted to tie the most nuanced threads together over the breadth of the series. Painstakingly researched, meticulously produced, this is a sequential masterpiece that will serve as important a call to the next generation of comic book writers as Watchmen did 30 years ago: this is a definitive demonstration of just how good a comic book can be. Available with Regular, Pantheon, Portrait, Dreamscape Wraparound, Women of HPL, and a special Ancient Tome Incentive cover, all by collaborator Jacen Burrows.

NEONOMICON TPB NEW PRINTING

Retail Price: $19.99 US
Writer: Alan Moore
Cover & Art: Jacen Burrows
MR, Color, 160 pages

About: Prepare for PROVIDENCE with the first chapter of the epic, NEONOMICON! Comic book legend Alan Moore (WATCHMEN) and brilliant artist Jacen Burrows deliver a chilling tale of Lovecraftian horror! Brears and Lamper, two young and cocky FBI agents, investigate a fresh series of ritual murders somehow tied to the final undercover assignment of Aldo Sax -the once golden boy of the Bureau, now a convicted killer and inmate of a maximum security prison. From their interrogation of Sax (where he spoke exclusively in inhuman tongues) to a related drug raid on a seedy rock club rife with arcane symbols and otherworldly lyrics, they suspect that they are on the trail of something awful... but nothing can prepare them for the creeping insanity and unspeakable terrors they will face in the small harbor town of Innsmouth. NEONOMICON collects Alan Moore's comic book series for the first time in its entirety - including his original graphic novel, THE COURTYARD, which chronicled Aldo Sax's tragic encounter with the (somewhat) mortal agents of the Old Ones!

CAN'T WE TALK ABOUT SOMETHING MORE PLEASANT? GN

(W/A/CA) Roz Chast

Roz Chast brings her signature wit to the topic of aging parents. Spanning the last several years of their lives and told through four-color cartoons, family photos, and documents, and a narrative as rife with laughs as it is with tears, Chast's memoir is both comfort and comic relief for anyone experiencing the life-altering loss of elderly parents. While the particulars are Chast-ian in their idiosyncrasies the themes are universal: adult children accepting a parental role; aging and unstable parents leaving a family home for an institution; dealing with uncomfortable physical intimacies; managing logistics; and hiring strangers to provide the most personal care. WHAT'S TO LOVE

Before *Fables*, before *Once Upon a Time*, Clive Barker created a secret city of monsters that live among us. WHAT IT IS

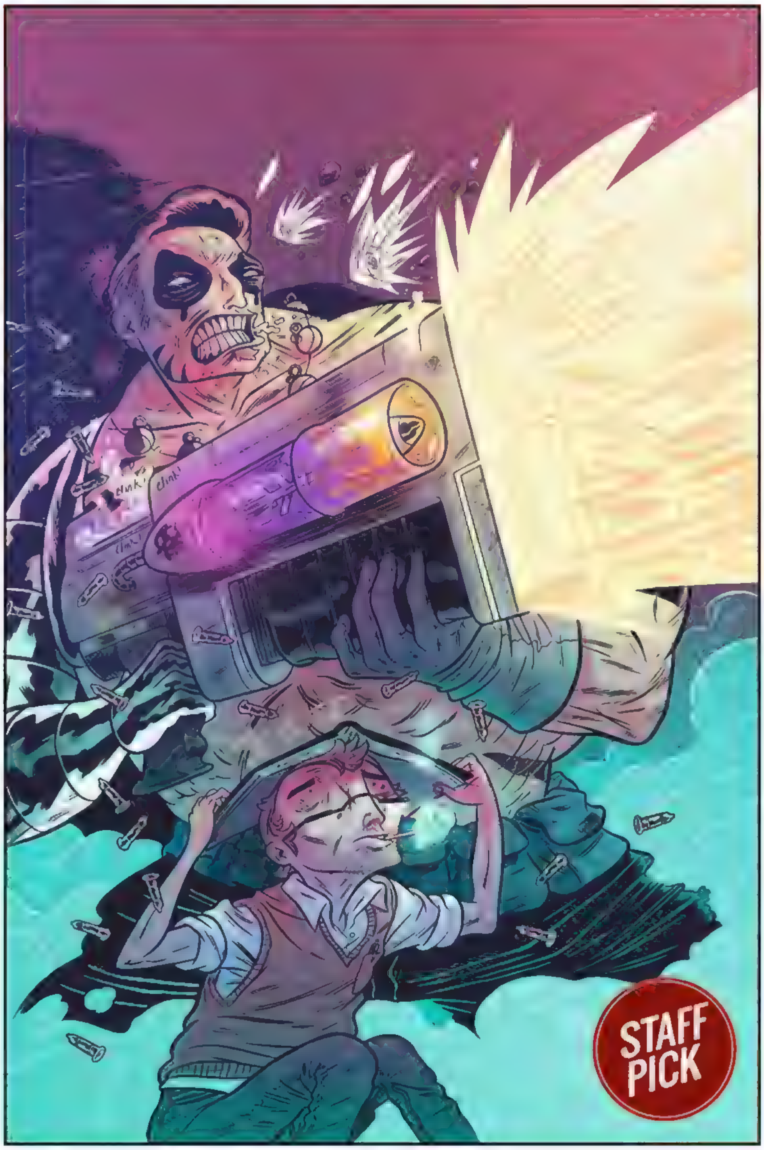
Covers by **Logan Faerber**, **Frazer Irving** *(Ten Years Variant INCV)*, **Kris Anka** *(INCV)*
$3.99 • 32 Pages • Full Color



Logan Faerber

WHAT'S TO LOVE

Say Anything frontman Max Bemis writes a love letter to 1990s superhero comics in this tongue-in-cheek homage to the era, featuring the art stylings of Logan Faerber—reminiscent of works by Chip Zdarsky and Jeff Lemire. Much like ***Polarity***, ***Oh, Killstrike*** is very personal to Bemis: It's about a new dad who loves comics from his youth. Part twisted buddy comedy, part profound coming-of-age story, we could not stop smiling when reading ***Oh, Killstrike***.

WHAT IT IS

Jared, a new father, fears parenthood. An old comics fan, he turns to them for comfort. But when he unwittingly lets loose his favorite character, Killstrike—a single-minded, vengeance-loving anti-hero—onto the world, Jared must find a way to send him back before he harms all the people he loves the most. But before that happens, Killstrike leads Jared on a quest of self-discovery to make him realize the kid who loved this character is not the man he has become.

$3.99 • 32 Pages • Full Color

WHAT'S TO LOVE

Our long tradition of breaking new talent—like Rafael Albuquerque *(The Savage Brothers, American Vampire)*, Emma Rios *(Hexed, Pretty Deadly)*, and Declan Shalvey *(28 Days Later, Moon Knight)*—continues with the debut of Alex Paknadel and Eric Scott Pfeiffer, two new creators whose extensive world-building in the sci-fi thriller ***Arcadia*** evokes comparisons to epics like *Game of Thrones*, *The Matrix*, and *Astro City*.

WHAT IT IS

When 99% of humankind is wiped out by a pandemic, four billion people are "saved" by being digitized at the brink of death and uploaded into Arcadia, a utopian simulation in the cloud. But when Arcadia begins to rapidly deplete the energy resources upon which the handful of survivors in the real world (aka "The Meat") depends, how long will The Meat be able—and willing—to help? Featuring the first of five connecting covers by Matt Taylor.

On October 16, 2013, 437 students, 52 teachers, and 24 additional staff from Bay Point Preparatory High School in suburban Milwaukee, WI vanished without a trace, finding themselves countless light years away in the middle of an ancient, primordial wilderness. One year prior, the school held its first rendition of "A Midsummer Night's Dream," on a night that would prove fateful to both the students and faculty, as their lives crossed paths in an almost premonitory way, seeding the various horrors to come. Created and written by James Tynion IV (*Batman Eternal*) and illustrated by Michael Dialynas (*Amala's Blade*), "The Swarm" collects the critically acclaimed second arc (issues #5-8) of the best-selling series.

> "If you're not reading ***The Woods*** right now, I honestly wouldn't be able to figure out why. This...has all the elements of great storytelling: fleshed-out characters whose characteristics act as both strengths and weaknesses, naturally developed motivations and actions, and a monumental main plot that builds momentum with each and every issue."

Born of the true north and tested in war, Captain Canuck is thrust into battle at the head of the global crisis intervention agency called Equilibrium. INFINITUM: TIME TRAVEL NOIR SC

(W/A/CA) GMB Chomichuk

With enough time, you can fix anything. The Infinitum are a future society of people and aliens displaced to our past. Special Investigator Nine works in The Paradox Bureau, an agency that polices the temporal diaspora and prevents crimes before they happen. Nine is sent on assignment to the 1940s (to the very place and time he was originally recruited) and must avoid altering his own past while investigating a seemingly unpreventable murder. Nine uncoils a temporal conspiracy at the heart of a militant separatist movement. Why would an organization dedicated to preventing murder before it happens cover up a series of grisly killings? Through the flash of rayguns and the half-light and the fog of a future-tainted 1940s, Nine pursues a killer while he avoids fouling the investigations of his own multiple selves. (STK667228)

DON'T GET EATEN BY ANYTHING HC

(W/A/CA) Dakota McFadzean

This volume collects three years of Dakota McFadzean's daily webcomic, nominated for the *Slate* Cartoonist Prize and a Shuster Award. Though it began as a diary comic, the strip gradually morphed into its current state: a gnashing, howling little world of cursing children, mutilated faces, worried monsters, and adorable small animals. These figures amble between absurd comedy and that dark, empty feeling of cosmic insignificance that keeps you up at night. "It's funny because we're doomed." —James Kochalka (STK670279)

FIGHT CLUB 2 #1

Dark Horse Comics

I am Jack's Quivering Anticipation. Dark Horse has partnered with *Fight Club* novelist, Chuck Palahniuk, to bring us the official sequel to one of the most awesome cult stories of the modern era. (Note: If you haven't read the original book or seen the film, go do that before reading further. Last warning.)

I am Jack's Enflamed Curiosity. The original *Fight Club* had such a riveting twist ending that even the possibility of a sequel immediately intrigues. In this second round, Marla and our original narrator, Sebastian, are married with a child. Sebastian takes medications to deal with his schizophrenia, which would make for a happy family, if Marla weren't tampering with those medications so that she could cheat on her husband with his other personality.

I am Jack's Insomnia-Inducing Enthusiasm. Cameron Stewart's artwork suits the work to a T. Graceful but disheveled, Stewart manages to convey a world that is dirty, broken, and terribly human while simultaneously preserving the intensity, explosive passion, and reckless spirit that propels Tyler Durden and everything he touches. This series is going to be a gut-punching, tooth-gritting, Molotov-cocktail blend of writing-without-brakes and screamingly beautiful-but-deranged visual story telling.

I am Jack's Obsessive Need for Consumer Goods.

Pull two for my box, please.

Here's the thing. I love a lot of publishers, but none are as sneaky as Nick Barrucci.

When he first called me after my DC exclusive contract was up, he offered me a choice of virtually any character in their stable, and being a lover of pulp and many different genres, that was a tremendous list. I chose Red Sonja and have never regretted it, but going over that list of great names, Miss Fury, Dejah Thoris, Vampirella...it really stuck in my mind.

A couple years later, Nick calls me to ask some advice about a WOMEN OF DYNAMITE crossover event. It just sounds so cool, and ideas start spilling out of me, I keep saying, "Oh, you could do THIS, and you've got to include HER, and what if there were tie-in side stories and you had all female writers? OH, and you HAVE to have Red Sonja face Dejah Thoris, that's NEVER BEEN DONE!"

And finally, I ask, "Who are you getting to write this thing, Nick?"

And he responds, "Well, we were hoping YOU would."

Like I said, that guy is sneaky.

Anyway, it totally WORKED.

* * * *

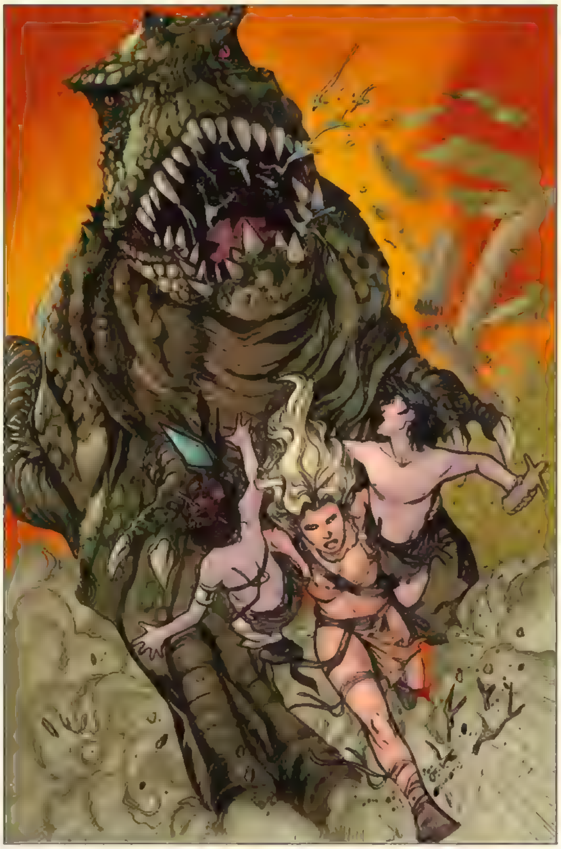
It's like this. I love pulp adventure, always have. But as male-dominated as comics have often been, the pulp adventure world seems to be even more so. Most of the big name stars and creators are dudes, and that's fine, it's great. But it hit me...what if that wasn't the case? What if adventure pulps had also been written with female readers in mind, and awesome female characters in the spotlight?

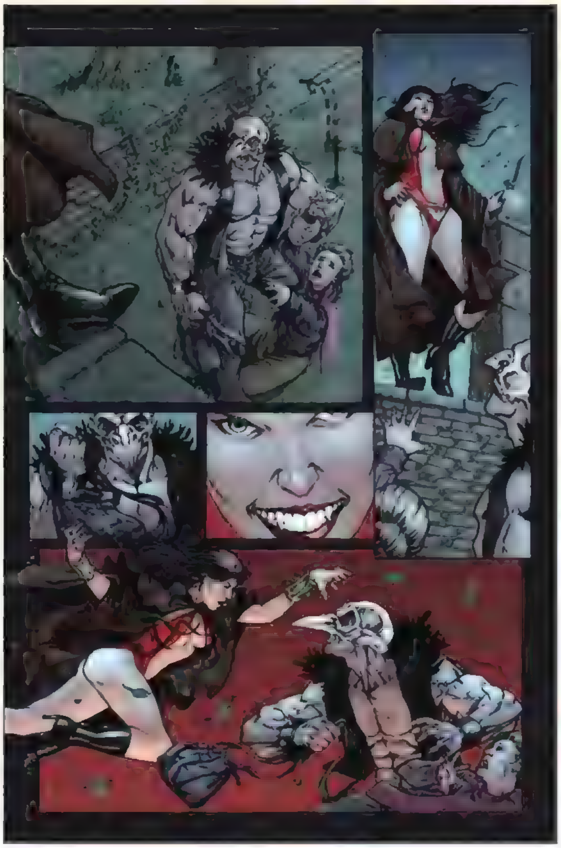
That's the scenario we are imagining, and it's just been a blast. The key players are Red Sonja, Vampirella, and Dejah Thoris, but it's such an epic-spanning, world-hopping event that we also have Kato, Jungle Girl, Lady Rawhide, Jennifer Blood, and so many more.

It's the crossover I dreamed of when I was a kid, and now we get to make it happen.

* * * *

Imagine a world of pulp adventure heroines, where all their homelands, across time and dimension, are being destroyed.





Imagine these powerful women, who don't even necessarily LIKE each other, have to somehow manage to not kill each other long enough to go on an epic walking journey into the heart of darkness itself.

But they have weapons to aid them...each warrior is given a mysterious ebony blade...THE SWORDS OF SORROW.

* * * *

I'm excited to work on this book, it's just full of fun stuff, characters in places they were never meant to be, Jennifer Blood hunting Vampirella, and the first EVER official crossover with a character from Robert E. Howard's Hyboria with a character from Edgar Rice Burroughs' Mars epics...I just wanted to giggle, writing this stuff.

* * * *

One of the best things about it is the gorgeous art from Sergio Davila. Again, Nick gave me a lot of choices, but when I saw Sergio's work in LEGENDERRY, that was it, I was sold. He can handle huge casts, and beautiful, powerful women, and he just draws worlds with his pencil. We're incredibly fortunate.

* * * *

My other favorite thing is that we have several tie in issues...these aren't necessary to enjoy the main book, but we got the best writers around, gave them a fun combination of characters and just let them go wild.

It's creators like G. Willow Wilson, Marguerite Bennett, Nancy Collins and more, with book titles like VAMPIRELLA VS JENNIFER BLOOD, KATO VS. MASQUERADE, and RED SONJA VS. JUNGLE GIRL. More about these tag teams soon, but it's just ridiculous amounts of fun to set these characters against each other, and I'm very proud of the astounding team of writers, who I hand-picked from among the very best of new female adventure writers. There's never been a crossover event in comics like this, ever.

* * * *

I love crossovers, I love the whole, "Who would win, Hulk or Superman?" aspect of them. I hate when they are dreary and lethargic. I asked everyone to pump this up to jetpack levels. It's full of surprises, and no fan of any of these characters is going to want to miss the sex, violence, snark and fun.

I am really grateful to Dynamite for making this happen. Dealing with all of these properties and licenses, it would daunt most publishers into giving up.

But like I said, Nick Barrucci is sneaky!

The confrontation between the rejuvenated, goddess-infused Red Sonja and the merciless Sutekh, the half-human son of the serpent-god Set, is finally at hand! The battle lines have been drawn outside the walls of Zingara's capital city, and the fate of the Hyborian Age hangs in the balance. But could Scáthach—the divine Queen of Swords—be an even greater threat to mankind than Sutekh's legions of ghouls and demon beasts?

OPTIC NERVE #14

(W/A/CA) Adrian Tomine

Optic Nerve 14 brings Adrian Tomine's multifaceted, expressive cartooning to a new peak with a short autobiographical strip and two stories. "Killing and Dying" is about a father's struggles to be supportive: it centers on parenthood, mortality, and stand-up comedy. "Intruders" depicts a man obsessively trying to find his way back to a former life by revisiting places he once knew. *Optic Nerve* 14 will appear on the twentieth anniversary of Tomine's beloved comic book series, in whose pages the landmark graphic novel *Shortcomings* was first published. Each story in *Optic Nerve* 14 reveals new dimensions to Tomine's unique visual sensibility and complex, character-driven stories. (STK670392) (C: 0-0-1)

OPTIC NERVE #1 (NEW PRINTING)

(W/A/CA) Adrian Tomine

Now in its fifth printing! After self-publishing seven mini-comics as a teenager, *Optic Nerve* became a regular comic book series when Adrian Tomine was only twenty. His work developed steadily over the years, from the rough, sketchy drawings of his early mini-comics to the stark, crisp graphic approach of his D&Q series. Although his work is no longer strictly autobiographical, his contemporary stories are still deeply personal. Tomine creates a new cast of characters for each story, and he has become a master of penetrating their fragile exteriors. (STK670394)

Optic Nerve #13 features three complete stories, each distinct in their tone and visual style. "Go Owls" is a dark comedy about 12-step programs, drug dealing, and minor league baseball. "Translated, from the Japanese," illustrates the diary of a young Japanese mother, caught between two countries and hovering on the precipice of divorce. "Winter, 2012" is an autobiographical glimpse into Tomine's home life and his ongoing struggles with the modern world. Tomine channels contemporary zeitgeist and vernacular to produce flawlessly designed, compellingly readable stories. (STK616398)

Scenes from an Impending Marriage

SCENES FROM AN IMPENDING MARRIAGE HC (CURRENT PRINTING)

(W/A/CA) Adrian Tomine

At the behest of his soon-to-be wife, Adrian Tomine set out to create a wedding favor for their guests that would be funnier and more personal than the typical chocolate bars and picture frames. What started out as a simple illustrated card soon grew into a full-fledged comic book: a collection of short strips chronicling the often absurd process of getting married. A loose, cartoony departure from Tomine's previous work, *Scenes From An Impending Marriage* is a sweet-natured, laugh-out-loud skewering of the modern marriage process, including hiring a DJ, location scouting, trips to the salon, suit fittings, dance lessons, registering for gifts, and managing familial demands. BATTLE LINES: A GRAPHIC HISTORY OF THE CIVIL WAR GN

(W) Ari Y. Kelman

Featuring breathtaking panoramas and haunting images, *Battle Lines* is an utterly original graphic history of a nation transformed by the Civil War. A collaboration between the award-winning historian Ari Kelman and the acclaimed graphic novelist Jonathan Fetter-Vorm, *Battle Lines* begins each chapter with an object, and each object tells its own story. Alison Bechdel's *Fun Home* was a pop culture and literary phenomenon. Now, a second thrilling tale of filial sleuthery, this time about her mother: voracious reader, music lover, passionate amateur actor. Also a woman, unhappily married to a closeted gay man, whose artistic aspirations simmered under the surface of Bechdel's childhood — and who stopped touching or kissing her daughter goodnight, forever, when she was seven. Poignantly, hilariously, Bechdel embarks on a quest for answers concerning the mother-daughter gulf. (STK524299)

PUSSYCAT

PUSSYCAT HC

(W/A/CA) Peyo

From comics master Peyo (*The Smurfs*) comes Pussycat, a lovable, mischievous tuxedo cat who spends his time chasing after milk and snacks and framing other members of his family for his shenanigans. This cat isn't exactly the noble hunting type — he'd rather play a game of kickball with the resident mouse than chase after him — and most of the humor originates from his clever, yet often foolish ways of trying to get what he wants (e.g. milk and snacks). THE KING IN YELLOW GN

(W) Robert W. Chambers, I.N.J. Culbard
(A/CA) I. N. J. Culbard

The supernatural stories that make up Robert W. Chambers's classic piece of weird fiction are tied together by a play that brings madness to all who read it: *The King in Yellow*. It's a book that draws readers in with an irresistible yet innocent opening act, then drives them insane with the poisonous words of Act 2. An influence on writers from H. P. Lovecraft to Neil Gaiman, *The King in Yellow* is one of the most important works of American supernatural fiction. In this dangerously unputdownable graphic-novel adaptation, I. N. J. Culbard brings to life a thrilling tale of horror that will make readers laugh and cry and tremble with fright. (STK668852) (C: 0-1-0)

VALIANT 25th ANNIVERSARY POSTER
ARTWORK BY KANO

VALIANT
25
YEARS

In 1989, a legendary group of comic book creators - including Jim Shooter, Bob Layton, Barry Windsor-Smith, David Lapham, and more - set out to create a new kind of comic book publisher... A publisher that would break away from normal conventions of what characters could be and what kind of stories could be told... A publisher that would soon make comic history as **VALIANT**.

One year later, in 1990, the first **VALIANT** comic book hit the stands. And the rest, as they say, is history. Quickly becoming one of the most recognized publishers in the world, VALIANT's now classic characters - **X-O MANOWAR, BLOODSHOT, HARBINGER, ARCHER & ARMSTRONG, RAI,** and dozens more - became a pivotal force in comics fandom, helping to reshape the landscape of the comic industry, and creating what would eventually grow to become the largest independent comics universe.

In 2012, that legend was born anew when a new generation of creators reignited the **VALIANT** Universe with the release of **X-O MANOWAR #1**. Setting records as the biggest debut by a new publisher in more than a decade, the all-new **X-O MANOWAR** by New York Times best-selling writer Robert Venditti and Eisner Award-winning artist Cary Nord proved that, even after two decades, VALIANT's character-first philosophy and dedication to story above all else continues to resonate with fans. More hit series continued to follow with successful revivals of **HARBINGER, BLOODSHOT, ARCHER & ARMSTRONG,** and **SHADOWMAN,** with **VALIANT** soon becoming the Diamond Gem Award-winning, Harvey Award-nominated publisher to beat. With a cutting-edge stable of creative talent at the helm of its biggest series, some of the best reviewed titles anywhere, and one of the most active and committed groups of fans in comics, VALIANT has continued to make waves with the same upstart approach and stalwart dedication to making the best comic books possible that informed the very first **VALIANT** releases back in 1990.

Today, **VALIANT** looks back on not only its historic past, but its incredibly bright future...and the timing couldn't be better to celebrate one of the most important institutions in comics history. This May, we officially celebrate **25 YEARS OF VALIANT**!

VALIANT's 25th anniversary celebration begins in the midst of an exciting summer slate that includes the launch of **BLOODSHOT REBORN** by superstar creators Jeff Lemire & Mico Suayan; an all-new arc of Valiant's latest hit series, IVAR, TIMEWALKER, by fan favorites Fred Van Lente & Francis Portela; and the epic climax of the cosmic **X-O MANOWAR** event, **DEAD HAND.**

But just because we're turning 25, that doesn't mean that we're slowing down. We're pulling out all the stops to celebrate 25 years of **VALIANT**, beginning in May 2015 with the release of **DEAD DROP #1** - a different kind of superhero story from rising stars Ales Kot and Adam Gorham. Set against the gritty underworld of New York City, **DEAD DROP** follows an unlikely cast of heroes from opposite corners of the **VALIANT** Universe - including **X-O MANOWAR, ARCHER,** and **QUANTUM AND WOODY**'s Detective Cejudo - as they race try to stop a killer virus from infecting America's biggest city ...and themselves.

Plus: if you're new to **VALIANT**, we've set aside two very special places for new fans to jump on aboard in May. First up, don't miss the all-new **VALIANT UNIVERSE HANDBOOK: 2015 EDITION**, spotlighting everything you need to know about Valiant's heroes - who they are, what makes them tick, and where they're headed next. Then, get up close and personal with the legendary origins behind **VALIANT**'s biggest characters in the **VALIANT: ZEROES & ORIGINS** trade paperback collection, re-presenting each of **VALIANT**'s greatest zero issue introductions to **X-O MANOWAR, BLOODSHOT, SHADOWMAN,** and more.

Add to that a very special new series of 25th Anniversary shelf covers by red-hot artist Rafa Sandoval showcasing a diverse cast of heroes and villains from across 25 years of Valiant history, and...well, you've only seen the tip of the iceberg. The summer is only just beginning, and we still have some exciting **VALIANT 25th Anniversary** surprises to reveal.

Keep on reading because, in 2015...the story starts here!

Four issues. Four stories. One ticking clock! Red-hot writer Ales Kot (*Bucky Barnes: The Winter Soldier*) and rising star Adam Gorham (*Zero*) start the countdown to DEAD DROP as an unlikely cast of superhuman operators fall in deep for an undercover conspiracy action thriller in the darkest corners of the Valiant Universe...

There is a secret black market in New York. It is hidden in plain sight - in our streets, trains, restaurants. Those who know how to navigate it exchange secrets of extraordinary nature. BREAKING HISTORY - PART ONE!

A little confused by time travel? Don't worry, these guys don't really understand it either. So they're BREAKING HISTORY! New York Times best-selling writer Fred Van Lente (ARCHER & ARMSTRONG) and rising star Francis Portela (*Green Lantern Corps*) kick off an all-new arc of the series that io9 calls "impressively shocking"!

Dr. Neela Sethi, the inventor of time travel is captured by her evil future-self (because...time travel) and tempted to give into her rage and become the woman who may destroy history! As the BIG CRUNCH rapidly unmakes the universe around her, Neela faces a choice that may give her her life's dreams...at the cost of the very universe itself.

But take heart, inhabitants of the very universe itself, because all of our hopes lie the hands of IVAR, TIMEWALKER! But even he can't save us alone - what happens when history's most jaded time traveler puts together the best team he can find to save time itself? A combination of his estranged family, like his inebriated, immortal brother ARMSTRONG, his interdimensional enemies like history's most re-tweeted prankster LULZ, and a BLOODSHOT NANITE with one heck of an attitude problem are just the start of history's most unexpected saviors. The plot to save history begins here, so don't worry! ...Well, maybe you should worry a little.

Average human teenager Tsukune accidentally enrolls at a boarding school for monsters–no, not jocks and popular kids, but bona fide werewolves, witches and unnameables out of his wildest nightmares! On the plus side, all the girls have a monster crush on him. On the negative side, all the boys are so jealous they want to kill him! And so do the girls he spurns, because he only has eyes for one of them—the far-from-average vampire Moka. On the plus side, Moka has glowing red eyes for only Tsukune. On the O-negative side, she also has a burning, unquenchable thirst for his blood...

OH, KILLSTRIKE #1

BOOM! Studios

Everyone loves the 90's, right? Right?!! Of course you do!

Jared Holliweather is experiencing the many things that typical adults go through- settling into a home with his wife, struggling to pay off mortgage, providing food for their newborn infant, and dealing with a justice-seeking comic book character that crawled out of his most prized comic book and into reality.

Oh, Killstrike represents everything that made comics in the 90's so crazy: unnecessary pouches, metallic limbs, kneepads, extra knives, and an unfettered desire for vengeance. Max Bemis, lead man behind the band Say Anything, takes everything about the whacky superhero scene of the late 90s and mashes it together into the character Killstrike. And it is glorious.

Bemis brings readers a character driven story of life and love, but it is Logan Faerber's artwork that truly sets the tone for the adventure. Faerber's art is a perfect match for this story- his slapstick style really lends to the mood of Jared's cartoonish struggles as he copes with his very own personal teeth grinding, gun toting, blood seeking machine.

A unique take on the buddy comedy, *Oh, Killstrike* is an endearing story of love for comics as we enter adulthood. It is the type of story that makes you remember why you love these things in the first place.

In this manga adaptation of the farcical fantasy light novels, a hapless young lad tries to find love and fortune alike in the gigantic, monster-ridden dungeons beneath the city of Orario. Bell Cranel is just trying to find his way in the world. Of course, in his case, the "world" is an enormous dungeon filled with monsters, below a city run by gods and goddesses who have way too much time on their hands. He's got big dreams but not much more when a roll on the random encounter table brings him face-to-face with the girl of his dreams — but what's a beginning adventurer have to offer a brilliant swordswoman? And what if the lonely goddess who sponsors his solo adventuring gets jealous? (STK668797) (C: 1-1-0) **NOTE:** Available only in the United States, U.S. Territories, Canada, and the U.K.

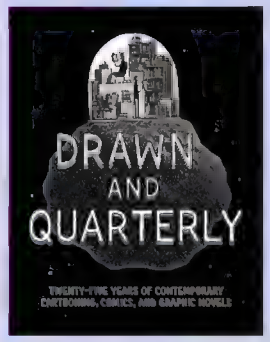
DRAWN & QUARTERLY: TWENTY-FIVE YEARS OF CONTEMPORARY CARTOONING, COMICS, AND GRAPHIC NOVELS

OPTIC NERVE #14

Drawn & Quarterly



DRAWN AND QUARTERLY
TWENTY-FIVE YEARS OF CONTEMPORARY CARTOONING, COMICS, AND GRAPHIC NOVELS

Independent publisher Drawn & Quarterly celebrates two momentous milestone events this month; their own 25th anniversary and the 20th anniversary of Adrian Tomine's seminal comic series, *Optic Nerve!*

To commemorate these two milestones, D&Q is pulling out all of the stops and bringing us two books that all comics fans will be sure to enjoy. Along with the extensive backlist collection of Adrian Tomine's collected works, we welcome onto the stands *Optic Nerve* #14 which is quintessential Tomine; the capturing of the raw reality of everyday life through a classic, emotive narrative and clean-lined, clear art style. Beautifully constructed, Tomine brings a unique style to independent publishing reminiscent of Dan Clowes and Gilbert Hernandez, but with his own distinctive flavor. *Optic Nerve* #14 delivers this flavor and more and is a must read for any independent comics reader!

But the true gem this month has to be the book *Drawn & Quarterly:Twenty-Five Years of Contemporary Cartooning, Comics, and Graphic Novels!* D&Q has always been known for bringing the comics world a vast array of award-winning, high quality titles ranging from the works of Adrian Tomine, Art Spiegelman, Guy Delilse, Rutu Modan, and many, many more. The culmination of their twenty-five years of publishing is this book. An 800-page tome D&Q brings us hundreds of pages of new content from classic alternative press creators to new indie darlings. As D&Q describes this is a "thank you letter" to all of the creators who have supported them throughout the years and what a beautiful thank you letter it truly is!

This is book is not only an absolute must have for any independent comics fan, but it is also a great way to be introduced to this unique comics scene that D&Q has dominated for twenty-five year!

Please take a moment with me this month to congratulate D&Q's momentous month and pick up a copy of *Optic Nerve* #14 and *D&Q Twenty-Five Years!* Congratulations!

(W) Thomas Hodge

Video cover art is a unique and largely lost artform representing a period of unabashed creativity during the video rental boom of the 1980s to early 1990s. The art explodes with a succulent, indulgent blend of design, illustration, typography, and hilarious copywriting. Written and curated by Tom "The Dude Designs" Hodge with a foreword by Mondo's Juston Ishmael, this collection contains over 240 full-scale, complete video sleeves in the genres of action, comedy, horror, kids, sci-fi, and thriller films. From the sublime to the ridiculous, some are incredible works of art, some are insane, and some capture the tone of the films better than the films themselves. (STK669857) (C: 0-1-1)

DOLL JUNK: COLLECTIBLE & CRAZY FASHIONS FROM THE '70S & '80S SC

(W) Carmen Varricchio

"Eeeewww. Fake *Barbie* clothes." Those four words verbalize the faint discomfort kids would share when playing with dolls and unearthing an inferior, generic, or "clone" dress or top from their sizeable supply of perfect Mattel doll outfits. These cheapies were treated as tainted outcasts and were basically left to rot. Today, a younger generation of doll lovers is on the rise. These leap-for-cheap fashionistas gleefully embrace the very items their quality-conscious predecessors detested. Here, for your viewing pleasure or revulsion, are nearly 800 not-exactly-gorgeous getups and some of the downgraded dolls who wore them, many in their original packaging. (STK669858) (C: 0-1-1)

WONDER WOMAN: AMAZON HERO ICON HC (SALE EDITION)

(W) Bob Greenberger (A) Various (CA) Alex Ross

Wonder Woman explores idiosyncratic creator William Moulton Marston's interest in ideas of a "new woman" for the twentieth century; costume and character story changes over the decades; the influence on all other female comic book characters since her inception; and how Wonder Woman is still powerful and relevant in today's comic book renaissance. The book contains more than 250 Wonder Woman illustrations, including covers, interior comic art, and sketch treatments, beginning with her inception in the early 1940s to present-day treatments of the character. I AM PRINCESS X VOLUME 1 HC

(W) Cherie Priest (A/CA) Kali Ciesemier
Once upon a time, two best friends created a princess together. Libby drew the pictures, May wrote the tales, and their heroine, Princess X, slayed all the dragons and scaled all the mountains their imaginations could conjure. Once upon a few years later, Libby was in the car with her mom, driving across the Ballard Bridge on a rainy night. When the car went over the side, Libby passed away, and Princess X died with her. Once upon a now: May is sixteen and lonely, wandering the streets of Seattle, when she sees a sticker slapped in a corner window — Princess X. There's an entire underground culture, focused around a webcomic at IAmPrincessX.com. The more May explores the webcomic, the more she sees disturbing similarities between Libby's story and Princess X online. And that means that only one person could have started this phenomenon — her best friend, Libby, who lives. (STK669544) (C: 0-1-0)

ILLUSTRATION MAGAZINE #49

(W/A) Various

In this issue of *Illustration*, we feature the lurid and spectacular art of John Newton Howitt, best known for his terrifying covers for *Horror Stories* pulps in the 1930s, as well as for his superhero pulp covers for *The Spider* and *Operator #5*. Our story features rare photographs, tear sheets, and stunning reproductions of original artworks. Our second major feature concerns the work of the legendary illustrator Gustave Doré. While generally known for his black and white art, our story features many reproductions of his less often seen color paintings. Our final story is a new column by David Saunders — each issue will showcase an obscure artist from the history of the pulps, drawn from the extensive archives of his website, *www.PulpArtists.com*. Book reviews, exhibitions and events, and more round out the issue. (STK670827) (Illustration Magazine) (C: 0-1-2)

FAMOUS MONSTERS OF FILMLAND #272

First Time Available In ***PREVIEWS***! When we lost Richard Matheson, the world lost one of its titans. It also takes a look at the long and wonderful history of Sci-Fi literature. Our founding editor wasn't nicknamed "Mr. Sci-Fi" for nothing! LITTLE SHOPPE OF HORRORS #34

(W) Various (CA) Mark Maddox

Hammer's *Phantom of the Opera*, in 1961, was its most spectacular production to date. Starring Herbert Lom, Heather Sears and Edward deSouza, it was not wildly popular in its day but has found an audience of fans now who love this gorgeously mounted, and stylishly directed (by Hammer ace, Terence Fisher) gothic love story. Interview with the male lead, Edward deSouza. Also, behind the scenes coverage on the new Showtime hit, *Penny Dreadful* with many interviews. And — interviews with Burt Kwouk (as well as his three Hammer films, he was the Cato in the *Pink Panther* films) and Peter Sallis (beloved as "Wallace" from *Wallace and Gromit*, he has had an amazing film career, too — including Hammer's *The Curse of the Werewolf* and *Taste the Blood of Dracula*). For 43 years now, *Little Shoppe* has presented the best in Hammer and British Horror/Fantasy coverage! (STK670824) (Little Shoppe Of Horrors) (C: 0-1-1)

This 272 page, 13" x 20" deluxe, Smythe-sewn hardcover volume is printed at 200 line-screen on heavy paper-stock replicating the original art experience. Never before has artwork by so many different top talents in comics been seen in this format.

Creatively, it's an opportunity to explore more experimental projects and collaborate with external designers to try products that might not fit under the traditional Funko brand. *Vinyl Idolz* is a great example of this where we've collaborated with A Large Evil Corporation to design a line of figures with a very different look from other Funko products. Also our intent is to build a community of like-minded collectors around the *Vinyl Sugar* brand and work with them to identify exciting new products and designs.

WARHAMMER 40K: DARK HUNTERS: UMBRA SUMUS HC

(W) Various

The Space Marines of the Dark Hunters, descendants of the White Scars and their savage primarch Jaghatai Khan, are called to battle on the world of Ras Hanem, a world they thought long since liberated from the grip of heresy and returned to Imperial rule. Many years ago, the Dark Hunters defeated the traitor warband known as the Punishers on that world, in a conflict that left deep wounds in the Chapter. But now the Punishers have returned, seeking vengeance upon their would-be destroyers. Captain Jonah Kerne of Mortai Company is sent to annihilate the traitors once for all, but the cost of victory may be too high for him to bear! (STK671002) (C: 0-1-2)

WARHAMMER 40K: YARRICK: IMPERIAL CREED SC

(W) Dan Abnett

Yarrick: the very name carries the weight of legend, of great deeds and of wars won for the Imperium. But Sebastian Yarrick, who fought on Armageddon, who Space Marine Chapter Masters show their fealty to on bended knee, was not always Lord Commissar. He was once just a man, a newly minted officer from the ranks of the *schola progenium*. His first mission under the tutelage of Lord Commissar Rasp was on Mistral. Here, an uprising of barons had upset the delicate balance of power. But, as Yarrick was soon forced to learn, Mistral and Imperial politics are often murky, the truth seldom clear cut. As war engulfs the world, a plot unravels that pits old friends against one another and fashions unusual alliances. Here is where the legend began. In this crucible was Lord Commissar Sebastian Yarrick forged in blood. (STK671005) (C: 0-1-2)

The End Times are coming. In the warrens of Skavenblight, a new power is rising. The verminlords walk the earth and they plan to lead the skaven to their destiny as rulers of the world. But for Queek Headtaker, the only destiny that matters is his own, as he plans his final assault on Karak Eight Peaks. In the depths of that ancient city, two rival kings — the goblin Skarsnik and the dwarf Belegar — prepare to meet the onslaught. And in Karaz-a-Karak, High King Thorgrim Grudgebearer presides over what he knows, in his heart, is the end of the dwarf empire. The Horned Rat rises and nothing will ever be the same! THE FAN

From Mondo Macabro. Teenager Simone appears to be like any other young pop fan. But soon her fixation on the band's lead singer "R" takes over her life. Simone soon discovers that she is just another groupie to R, who leaves her to join his friends after a night of passionless sex. With her fantasy of a life with R utterly destroyed, she begins to plot her revenge. Simone will plan the ultimate sacrifice of her god on the altar of her madness; a ceremony as exalted and romantic as it is horribly wonderful. The police search for R. GIRLS AND CORPSES PRESENTS: BLOOD RITES

From Girls & Corpses. Heavily influenced by "Giallo", a genre of Italian horror popularized in the late '60s and '70s by masters like Dario Argento and Lucio Fulci, *Blood Rites* is a macabre mystery of murder, drugs use and the occult. It was supposed to be an easy deal for Jason and Nikki: buy the drugs, cut them at an abandoned warehouse, then sell them on the street and rake in the cash. When the drug deal goes bad and Jason disappears, Nikki is trapped on an upper floor of the warehouse with a vicious ex-military enforcer, a gunshot victim, a violent addict and his three hostages. Leaving the building is not an option. All the exits have been blocked. And somewhere in the darkness is something with a taste for blood and a love of pain. The bad guys are being stalked by something far worse than themselves — a great demon demands to be born from the fiery depths of Hell, and its faithful servant has planned a bizarre blood rite that will leave no vein untapped. Blood will flow. Hell is coming... (STK670370) (C: 0-1-1)

MARK OF THE DEVIL

MARK OF THE DEVIL

From Arrow Video. Once proclaimed as "positively the most horrifying film ever made", *Mark of the Devil* arrives in a director-approved edition featuring a new restoration of the feature. A bloody and brutal critique of religious corruption, *Mark of the Devil* sees horror icon Udo Kier (*Flesh for Frankenstein*, *Suspiria*) play a witchfinder's apprentice whose faith in his master (Herbert Lom) becomes severely tested when they settle in an Austrian village. Presided over by the sadistic Albino (a memorably nasty turn from *Salem's Lot* vampire Reggie Nalder), the film presents its morality not so much in shades of grey as shades of black. Written and directed by Michael Armstrong, who would later pen *Eskimo Nell*, *The Black Panther* and *House of the Long Shadows*, this classic shocker has lost none of its power over the years. Combo Pack includes both Blu-Ray and DVD formats. (STK670354) (C: 0-1-1)

WOMEN IN COMICS: MINI-INTERVIEWS—CONTINUED

CONTINUED FROM PAGE 250!

March is "Women in Comics" month here at *PREVIEWS*, and we continue our coverage with more mini-interviews with some of today's top female creators. Be sure to log onto *PREVIEWS*world.com for full interviews with these and many more talented creators!

KATHRYN IMMONEN

Comics Creator

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

Stuart and I started self-publishing, and by 'self-publishing' I mean *breaking photocopiers*, in the late '80s! Since then it's been a pretty even split between creator-owned work like *MIR*, *Criminal Insects*, *Snipe*, *Never as Bad as You Think* and *Moving Pictures* (MAR101136), and work-for-hire with Marvel, mainly, where I've had the privilege of contributing to the lives of characters like *Hellcat* (JUL100671), *The Runaways* (JAN100677), *Jubilee* (APR110691), *Sif* (FEB130626 & AUG130877) and *Agent Carter* (MAR110759).

How do you want to see women represented in comic books 10 years from now?

The way I want to see anyone. Characters awake and active in their own narratives, and not used as devices to advance the plot. For anybody that has the vaguest inclination to pick up a comic, there should be a multitude of books available in which they see themselves reflected, a story they can fall into and not come out at the end of it with even the vaguest notion of feeling less validated than when they started.

ARI YARWOOD

Associate Editor

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

I spent a year as the Administrative Assistant at Oni Press, during which time I began editing a lot of the comics that I edit now. I cut my teeth on *The Life After* (SEP141510) — Joshua Hale Fialkov and Gabo were wonderful people to work with as I was starting out and continue to be great! Before that, I wrote about comics (and other things) for *Bitch*, and worked in other types of publishing.

In your opinion, how has the comic book industry evolved in terms of gender?

I haven't worked in comics for too long, so I don't know how much I can speak to its evolution, but coming from outside media (literary journals, magazines, and commercial copy), the gender disparity is still pretty stark in comics. There's a lot of ground left to cover in terms of representation, both in the books published and who's working on them. I'd like to see more women following their passions in all levels of comics — writing, drawing, coloring, lettering, editing, reviewing, and heading up companies. I'd also love to see more mainstream coverage of work by genderqueer and transgender creators.

MEREDITH FINCH

Comics Writer

Grimm Fairy Tales
Little Mermaid

Grimm Fairy Tales Presents: The Little Mermaid #1 (DEC141812)
Wonder Woman #36 (SEP140173)
Grimm Fairy Tales Presents: Tales from Oz #2 (DEC131394)

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

I started working in comics a little over a year ago on *Tales from Oz: The Cowardly Lion* (DEC131394) for Zenescope Comics. I did several one-shot issues for Zenescope including their *Tales of Terror* series (JUL141595), issues 3 and 5, before moving onto The Little Mermaid miniseries which debuts this February.

In addition to working for Zenescope I am the current writer of DC Comics' Wonder Woman (SEP140173). I've had the opportunity to work with some great artists so far, including Miguel Mendonca, Salvador Velazquez, Milton Estevam, Joel Ojeda and, of course, my husband, David Finch.

What stereotypes do you see surrounding women in comics? How could people of all genders go about breaking those stereotypes?

Comics originated back in the '30s and '40s and they were very much reflective of their times. Women were the damsels in distress, waiting to be rescued. With the Women's Rights movement, and as the role of women changed in society, we saw that reflected in the characters and stories that were created, in as much as it was possible for an industry that was predominantly male. Today, everyone in the industry is highly aware of the need for books and characters that are more diverse and representative of the readership. We are seeing more and more comics with strong female leads that reflect the issues and concerns of the 21st century.

Publishers: Zenescope, DC

MAIRGHREAD SCOTT

Comics Writer

Tell us a little bit about yourself! What are you currently working on?

Some of the coolest projects of my career! First off, I'm writing the prequel issue to Dynamite's *Swords of Sorrow* (in this catalog!): an entirely innovative event spanning large portions of the Dynamite Universe (and smashing them together for some of the wildest, high-concept stories you'll find). It also features an all-star, all-female writing line-up lead by the fabulous Gail Simone herself. My series, *Transformers: Windblade* is coming back with a new Number #1 in the event *Transformers: Combiner Wars* (co-written by myself and John Barber) and we're going to be expanding our universe by leaps and bounds! I'm also writing back-up stories for the *Marvel Universe Guardians of the Galaxy* all-ages miniseries (based on the upcoming cartoon) and working on my first creator-owned book with Boom! Studios. It's been a busy month!

Did you have a mentor or hero in the industry that inspired you to pursue a career in comics?

It's the books themselves that inspired me to write comics. Their diversity and variety are astounding. Who doesn't want to write stories that literally become art? Who doesn't want to draw art that tells such amazing stories? Weirdos, that's who.

Anyway, while I've never had a singular "mentor" in comics a number of people have helped me tremendously along the way. I wouldn't be writing this today if it weren't for the support I got from John Barber, Kelly Sue DeConnick, Janelle Asselin, Rebecca Taylor, Gail Simone and Sarah Gaydos. I also want to say that if you want to get into comics, don't wait for a mentor to show up and pick you. Stumbling, messing up and trying again are crucial parts of the growing process. Don't look for a single mentor to avoid these moments, instead start building a support network to help you learn from them.

JILLIAN TAMAKI

Comics Creator

How long have you been working with sequential art? What titles, companies, and creators have you worked with over your time in comics?

I have been making comics for just over 10 years. I made my first mini-comic after I graduated from art school. I have published with Conundrum Press, Drawn and Quarterly, and First Second. I guess I am considered an "indie cartoonist", although I have worked with some large publishers.

If you could give advice to any aspiring editors, executives, writers, or artists, what would you tell them?

Start making work, make *a lot* of work! Produce, don't wait for other people to make opportunities for you. There's no excuse for not creating new things — comics are cheap to make and publishing online is free.

KATE LETH

Comics Writer and Artist

Tell us a little bit about yourself! What are you currently working on?

I'm a writer and illustrator. I'm currently working on writing *Bravest Warriors* for BOOM! and *Edward Scissorhands* for IDW. I'm about to start on the next *Adventure Time* graphic novel and have a few original titles in the work. I also do webcomics under the name *Kate or Die!*

In your opinion, how has the comic book industry evolved in terms of gender?

It's hard for me to say, because I'm only a few years in. I run a group called The Valkyries, for women who work in comic shops, as that's how I got my start. That group and others like it give me a lot of hope— these networks for women are amazing resources for meeting people and creating projects. Things can always get better, and sexism will persist in its way, but I think we're moving in the right direction. I hope!

KELLY FITZPATRICK

Colorist

Tell us a little bit about yourself! What are you currently working on?

I'm currently working on *Dark Engine* (OCT140619) and *Peter Panzerfaust* for Image; *Neverboy* (JAN150114), *Veda* for Dark Horse; and *The Shield* (FEB150951) and The Black Hood (DEC141059) for Archie Comics' new "Black Circle" imprint, alongside some other work I can't talk about yet.

In your opinion, how has the comic book industry evolved in terms of gender?

I think in the last couple of years, gender representation has gotten significantly better. Writers like Kelly Sue DeConnick, Gail Simone, Becky Cloonan, Kate Leth, and G. Willow Wilson have really helped in diversifying comics from a writing standpoint. I wish I had books like the current Batgirl and Ms. Marvel around when I was young. That's why I gravitated towards shoujo manga (Japanese comics geared towards women) because there wasn't anything like that growing up that was Western. Image Comics has also really helped by publishing books that crush gender roles and stereotypes like *Bitch Planet* and *Rat Queens*. There's work to be done, but it's definitely an exciting time in comics!

Look, guy. I've definitely been in way worse. Like this one time on Rylex
I was locked up in a prison that was no good. Like, the guards were just floating bags of intelligent Vitamin Water who made high-pitched shrieking sounds all the time! Can you imagine?
And my other cellmates were terrible! They just droned on about their problems! Like, "I'm the last surviving member of my race!" and "This red sun is killing me!"
Serves me right, I guess. I was on vacation and thought I'd party it up, do a bit of the ol' "powder cosmic," if you know what I'm saying. Big mistake, friend.
WAUGH!
Just flushing your life down your powder hole, y'know?
Look, it's bad enough that I'm halfway across the universe in yet another cell, but if I have to listen to you--
Wow. Sorry if friendship causes you discomfort. You're clearly a Sagiquarius.
I'm clearly pissed.
Are we supposed to sit here forever? Waiting for The Hobbyist or whatever to put us on display like garden gnomes?? Is that it?
Well, you can just sit here.
me, I've got other plans.
